PLMW @ ICFP '23

Introductory Remarks
Kristopher Micinski, Syracuse (PLMW co-chair)

Monday, September 4th, 2023

We're so happy you're here!

Schedule for Today

Four sessions:

- Bingo (45min, now!) / Success in your PhD

- "Getting Productive in Research" (panel) & "Getting the Most Out of ICFP"

- Lunch (12:30-2)

- "A History of Subtyping" & "Mental Health Mentoring for PL Students"

- "How to Write a Great Research Paper" and *speed mentoring*

    - **Complete survey from CRA/ACM**

Bingo!

First 45min: Person Bingo! Take a Bingo sheet, meet other participants or attendees (feel free to help fill in students' cards even if you're just floating into PLMW!) and get to know each other.

I will collect bingo cards <u>during the fourth session, right before the CRA survey</u>

I will pick two random winners (consider splitting w/ friends!?):

- $60 gift card for a dozen cupcakes at Cupcake Royale (hip cupcake place)

- $75 gift card for Elliott's Oyster House (pricier seafood on the water)

Speed Mentoring

We ask all panelists (and senior community members who are available and willing in the last session) to make themselves available for **speed mentoring**.

This will happen after the CRA survey. We encourage a brief chat about your common interests and any questions you think (more) senior folks might be able to answer. Participants: we encourage sending a follow-up email after PLMW to keep the conversation going!

CRA Survey

Please do the survey, I sincerely appreciate your efforts here—I realize asking you to take a survey as a captive audience may feel intrusive on your time; but specific evidence that we funded participants helps justify sponsorship and helps track long-term progress across PLMWs.
